

Motorcycle & Powersports News Reviews

The objective of a review by MPN is to give our readers everything they need to know to make informed buying decisions and to offer another way to share the features and benefits of your products to help it gain exposure.

For MPN to deliver the most relevant information to our readers, the products we review should be the same products our audience can purchase, whether from their distributor or from a retailer.

Whether we request your product or you send it to us unsolicited, we cannot guarantee it will be reviewed. (Not every product fits into our planning and editorial mission.)

Products will not be returned unless return postage is provided.

Please include:

- A press kit with high-resolution product photo files
- Contact information
- Technical specifications, if relevant
- Technical contacts, if relevant

All product reviews will include at least one photograph of the product, a link to your company website and may include a link to your product video.

Product reviews are limited to 250 words for print publication. Reviews can be longer than 250 words when published online but will not exceed 500 words.
